## SOUTHEASTERN'S CORE QUESTION BANK

This document provides options for different questions which could be asked by the Hiring Manager as part of our conversation with you. We do not require you to plan a response to all the questions. Take time to review your past experiences and identify a number of different examples in advance that could fit a range of questions and demonstrate your skills, experiences and potential. This will help you think about WHAT you might say.

To prepare for your interview, you will receive a Candidate Guide. This describes the STAR framework, which is a great way of answering interview questions. This will be useful to help you think about HOW you will answer the questions and have a great conversation with our Hiring Manager.

## SOUTHEASTERN'S WAYS OF WORKING

The questions are aligned to our Ways of Working, seen opposite: We Show we Care; We Think 'What If' and We Make Great Things Happen. They are designed to help you think about and highlight your experiences.

### WE SHOW WE CARE

- I put myself in the shoes of customers and colleagues, and proactively respond to their needs
- I listen to understand, and I am open to differing opinions
- I embrace diversity and adapt my behaviour to increase inclusion
- I develop meaningful, supportive relationships with customers and colleagues
- I treat everyone with respect and encourage others to do the same

### WE THINK "WHAT IF?"

- I provide alternative solutions to overcome difficult situations.
- I am brave and curious to understand the wider context beyond my role
- I identify and explore possibilities, considering both the bigger and smaller and picture
- I influence colleagues cross the organisation to test and share ideas and align them to our goals.
- I apply a "keep it simple" approach to how I think about, organise and communicate the way forward.

### WE MAKE GREAT THINGS HAPPEN

- I deliver results with pace and urgency when required and 'give it a go' while staying safe.
- I take ownership for overcoming challenges to 'see it through'.
- I openly share knowledge, information and experience.
